## Wedding Packages 2010

### PEARL - £300.00

This package is specifically designed for those getting married in a registry office (or similar venue), ideal for those who want minimum coverage at a reasonable price.

Photographs are not normally allowed to be taken during the ceremony as it is very brief. Therefore the reception or a nearby venue will be used to take all the required photographs.

I will take a selection of photographs, which will then be displayed in a preview album for you, your family and friends to view and choose the photographs you would like. All the images will also be available to view online.

With this package you will receive Twelve 8"x6" prints mounted in a Traditional / Handmade album of your choice.

### CORAL - £595.00

This package includes coverage from the start of the service until the start of the sit down meal. A mock cutting of the cake will also be included.

I will arrive at the venue no less than 30 minutes prior to the commencement of the service. I will then take photographs of the bridegroom's party as they arrive.

On arrival of the bridesmaids I will photograph them together as well as separately before the bride arrives. On arrival of the bride and father of the bride I will photograph the bridal party together.

I will take photographs discreetly during the service if this is required and approved by the venue. (Please check as some venues prohibit this).

Throughout the event I will take a selection of photographs which will include any requested by the Bride and Groom.
